(iii) **Exchange difference**

Exchange differences arising on settlement of monetary items are recognized as income or expense in the period in which they arise.

Exchange difference arising on restatement of foreign currency monetary items as at the yearend being difference between exchange rate prevailing on initial recognition/subsequent restatement on reporting date and as at current reporting date is adjusted in the Statement of Profit & Loss for the respective year.

Any expense incurred in respect of Forward contracts entered into for the purpose of hedging is charged to the Statement of Profit and loss.

(iv) **Forward Exchange Contract**

The Premium or discount arising at the inception of the Forward Exchange contracts entered into to hedge an existing asset/liability, is amortized as expense or income over the life of the contract. Exchange Differences on such contracts are recognized in the Statement of Profit and Loss in the reporting period in which the exchange rates change. Any Profit or Loss arising on cancellation or renewal of such a forward contract is recognized as income or expense in the period in which such cancellation or renewal is made.

The Foreign currency exposures that have not been hedged by a derivative instrument or otherwise are as per schedule 4 (E).

(v) **INVESTMENTS**

Non-Current/ Long-term Investments are stated at cost. Provision is made for diminution in the value of the investments, if, in the opinion of the management, the same is considered to be other than temporary in nature. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Current investments are carried at lower of cost and fair value determined on an individual basis. On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

(vi) **Property, Plant and Equipment**

(i) **Tangible Assets**

Property, plant and equipment are stated at historical cost less accumulated depreciation, and accumulated impairment loss, if any. Historical cost comprises of the purchase price including duties and non-refundable taxes, borrowing cost if capitalization criteria are met, directly attributable expenses incurred to bring the asset to the location and condition necessary for it to

be capable of being operated in the manner intended by management and initial estimate of decommissioning, restoring and similar liabilities.

Subsequent costs related to an item of property, plant and equipment are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are recognized in statement of profit and loss during the reporting period when they are incurred.

An item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gains or losses arising from derecognition are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(vii) **Depreciation And Amortization:**

i. Depreciation of Tangible Assets:-

Depreciation on tangible property, plant & equipment is charged on straight line method over the useful life/remaining useful life of the asset as per the Companies Act, 2013. Depreciation on assets purchased/acquired during the year is charged from the date of purchase/acquisition of the asset or from the day the asset is ready for its intended use. Similarly, depreciation on assets sold/discarded during the year is charged up to the date when the asset is sold/discarded.

Depreciation is calculated using the Straight Line method over their estimated useful life. The estimates of useful lives of tangible assets are as follows:

Class of Asset	Useful life as per Schedule II	Useful life as per Group
Computer	3 years	3 Years
Furniture & Fixtures	10 Years	10 Years
Office Equipment	5 Years	5 Years
Plant and Machinery	15 Years	15 Years
Factory Shed/Building	3 Years	3 Years
Electrical Installation	10 Years	10 Years
Vehicles	8 Years	8 Years

Leasehold improvements are amortized over the period of the lease or life of the asset whichever is less.

(viii) **INVENTORIES**

Inventories of traded goods are valued at lower of cost and net realizable value. Cost comprises of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is FIFO.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated cost necessary to make the sale.

(ix) **Impairment of Assets**

Assessment is done at each Balance Sheet date as to whether there is any indication that a tangible asset might be impaired. For the purpose of assessing impairment, the smallest

identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash flows from other assets or other group of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of asset/cash generating unit is made.

Assets whose carrying value exceeds their recoverable amount are written down to recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting period may no longer exist or may have decreased.

(x) **Employee Benefits**

(i) **Short-term employee benefits**

Short term employee benefits are recognized as an expense at the undiscounted amount in the statement of Profit and loss for the year which includes benefits like salary, wages, bonus and are recognized as expenses in the period in which the employee renders the related service

(ii) **Post-Employment benefits:**

Defined Contribution Plan:

The Company has Defined Contribution Plans for Post-employment benefits in the form of Provident Fund for all employees which are administered by Regional Provident Fund Commissioner. Provident Fund and Employee State Insurance are classified as defined contribution plans as the Company has no further obligation beyond making the contributions. The Company's contributions to Defined Contribution plans are charged to the Statement of Profit and Loss as and when incurred.

Defined benefit Plans:

Unfunded Plan the Company has a defined benefit plan for Post-employment benefit in the form of Gratuity.

Liability for the above defined benefit plan is provided on the basis of valuation, as at the Balance Sheet date, carried out by an independent actuary. The actuarial method used for measuring the liability is the Projected Unit Credit method.

(xi) **Borrowing Cost**

Borrowing costs are interest, commitment charges and other costs incurred by an enterprise in connection with Short Term/ Long Term borrowing of funds. Borrowing cost directly attributable to acquisition or construction of qualifying assets are capitalized as a part of the cost of the assets, up to the date the asset is ready for its intended use. All other borrowing costs are recognized in the Statement of Profit and Loss in the year in which they are incurred.

(xii) **Earnings Per Share**

The earnings in ascertaining the Company's EPS comprises the net profit after tax attributable to equity shareholders and includes the post-tax effect of any extraordinary items. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.

Diluted earnings per share is computed by dividing the profit/(loss) after tax attributable to Equity Shareholders (including the post-tax effect of extra ordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on

conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period.

(xiii) Taxation

Tax expense for the year comprising current tax & deferred tax are considered in determining the net profit for the year. Provision is made for current tax and based on tax liability computed in accordance with relevant tax laws applicable to the Company. Provision is made for deferred tax for all timing difference arising between taxable incomes & accounting income at currently enacted or substantively enacted tax rates, as the case may be. Deferred tax assets (other than in situation of unabsorbed depreciation and carry forward losses) are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying values at each Balance Sheet date. Deferred tax assets, in situation of unabsorbed depreciation and carry forward losses under tax laws are recognized only to the extent that where is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be recognized. Deferred Tax Assets and Deferred Tax Liability are been offset wherever the Company has a legally enforceable right to set off current tax assets against current tax liability and where the Deferred Tax Asset and Deferred Tax Liability relate to Income taxes is levied by the same taxation authority.

(xiv) Provisions, Contingent Liabilities and Contingent Assets

(i) Provisions

A provisions is recognized when the Company has a present obligation as a result of past event, if it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

(ii) Contingent Liability

Contingent Liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

(iii) Contingent Assets

Contingent Assets are neither recognized nor disclosed in the financial statements.

(xv) Segment Reporting

The Company is engaged in manufacturing of a wide range of Plastic Bottle Caps which includes plastic soda bottle caps, plastic soft drink bottle caps, plastic mineral water bottle caps, embossed plastic bottle caps, printed plastic bottle caps and plastic juice bottle caps. Considering the nature of Business and Financial Reporting of the Company, the Company is operating in only one segment. Hence Segment reporting is not applicable.

(xvi) Cash and Cash Equivalents

Cash & cash equivalents comprise cash and cash on deposit with banks and corporations. The company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amount of cash to be cash equivalents.
